

## PROJECT UPDATE – MATER HOSPITAL

In conjunction with Gen Eco Environmental Wood Products, Rawinkk digital printing was selected to supply Acrylic Wall Panels to the new Mater Hospital at Springfield Lakes.

Builder – Watpac

The tree and leaf image was reverse printed onto 3mm clear Acrylic sheeting, with the image flowing continuously along the seven metre wall.

# PROJECT UPDATE – NELSON BAY WOOLWORTHS

Rawinkk digital printing was selected to supply external cladding for a new Woolworths store at Nelson Bay, NSW.

Photographs of the local area were printed onto 9mm CFC and then clear finished with A&I Coating Systems – V744 Anti Graffiti .

10 sheets of 2400 x 1200 x 9mm CFC sheeting were required to print this lighthouse image.

A drone was employed to take the aerial photograph which was then printed onto 22 sheets of CFC panels.
